

### Operating conditions

-  atmospheric
-  at pressure
-  blanketing and/or sterile

### Capacity

-  up to 100.000 liters

### Structure

-  conical bottom onto legs
-  conical/dished bottom on skirt

### Temperature control

-  high-efficiency pressed wrinkled jacket
-  2"-3" half-pipe

### Agitation system

-  lateral
-  vertical
-  eccentric

### Washing systems

-  rotating/static washing balls
